

MODERN TERMINALS CELEBRATES 50TH ANNIVERSARY

This year marks Modern Terminals Limited's 50th anniversary of operations in Hong Kong.

On September 5th 1972 we welcomed the first container vessel, TOKYO BAY, opening the first purpose-built container terminal in Hong Kong.

Since then, Modern Terminals has been offering quality services to its customers, handling over 140 million TEUs at its facilities in Hong Kong.

We are pleased to share an anniversary video showcasing the milestones and achievements of the past 50 years. Please click on the photo to play the short video.

Mr Stephen Ng, Chairman, Modern Terminals Limited (center) with the Company's director Mr Alfons Mensdorff-Pouilly, CEO of Jepsen & Co. Ltd. (extreme right); representatives from China Merchants Port Group Co., Ltd. Mr Erik Yim, Vice Chairman (second from right) and Mr Xu Song, Chief Operating Officer and General Manager (extreme left); and Modern Terminals Limited's Group Managing Director, Mr Horace Lo (second from left). Let's toast to the continued success of Modern Terminals Limited!
